

Find Your Spa with Dr. Wellness Reviews

The reviews are in – Dr. Wellness spas are some of the best hot tubs you can purchase! You don't have to take our word for it; you can actually read real customers' Dr. Wellness reviews right on our site. We pride ourselves on our products and customer service, so we greatly appreciate the feedback we receive from customers who use our spas and accessories. Below are some of the most common comments we receive from customers.

The Warranty

Customers love our extended warranties and you will too! We have several different kinds of warranties, including a structural warranty for 10 years, a surface warranty for 5, and a plumbing warranty also for 5 years. In addition, we have an equipment warranty for 5 years and a labor warranty for 6 months. Customers particularly enjoy this because they do not have to fear their Dr. Wellness spas will break down and they will have to pay an enormous fee to have it fixed.

Energy Efficiency

Dr. Wellness has the most energy efficient spas and hot tubs available due to the inclusion of specific heat technology in each product. Our EnergySaver equipment helps reduce the cost to run and maintain our spas. In addition, these spas include heavy-duty foam and insulation to retain heat within the spa, as well as to reduce outside debris from damaging the spa. In the end, customers enjoy a more efficient spa that costs less to run than other spas in the market.

In addition to the aforementioned qualities, these spas provide the relaxation and health benefits customers expect from a hot tub. Customers around the country have enjoyed these spas for a multitude of reasons and now is your opportunity to find out why Dr. Wellness is one of the leading names in spas and hot tubs.
