

Top Reasons to Buy Hot Tubs from Dr. Wellness

When you have decided to buy hot tubs, it is important to buy them from the best manufacturer in town. Dr. Wellness is the industry's leading manufacturer of hot tubs.

This company is known to make hot tubs with the latest and greatest technology. For instance, their HeatFlow and Friction Manifold technologies are true innovations in this industry. Both these technologies capture heat energy and reduce waste.

Summary of benefits of using hot tubs from Dr. Wellness:

- You can use hot tubs without worrying about your electricity costs. Proprietary technologies retain heat within the spa. You can enjoy extended warm water sessions in the hot tub.
- When you buy hot tubs from Dr. Wellness, you can also buy peripheries such as covers for example.
- These hot tubs deliver integrated health benefits. They are namely hydromassage, arthritis relief, anti-stress treatment, and sleep apnea relief to name a few.
- All products are certified by the concerned energy efficiency agencies as being energy efficient. The energy efficiency is published online, as well.
- Most products have an excellent warranty. For instance, some models have a lifetime warranty for the frame. Components carry an average warranty period of around two years.
- All hot tubs have integrated features. They can also be customized. Some of the features available include hot water jets, colors, lighting, seating, sound systems, and covers. Hot tubs manufactured by Dr. Wellness also allow you to mount televisions and other such electronic items.

Benefits of Using a Spa

You buy hot tubs to experience relaxation and rejuvenation in a cost-effective and simple way. To add, a spa is a powerful way to de-stress. The warm water diffused from a hot tub permeates your skin and provides you with instant relief from chronic muscle pain.

You can include a warm water session before going to bed. This is an excellent precursor to getting sound sleep.
